## Call for postdoctoral fellowships in Mathematics

2019 - 2020

### ***About the position***

PEDECIBA calls for researchers in Mathematics interested in carrying out postdoctoral activities in Uruguay for a one-year period, starting around March 2020. Applicants must have completed doctoral studies in the last 5 years or do so in the six months following the presentation deadline. The contract cannot be renewed.

The position is full time (40 hours per week) and is incompatible with any other job in the country. These contracts are intended to support researchers who begin their postdoctoral work and who intend to carry out research activities in Uruguay. The call is open to PhDs of any nationality (including PEDECIBA researchers), who wish to participate in the academic and research activities of our community. The monthly salary before taxes will be UYU 90,000 or approximately USD 2500, which is roughly equivalent to the salary of a full-time university position at a postdoc or tenure-track level. In addition, a single payment of UYU 20,000 will be granted for research expenses.

### ***Candidates should submit:***<sup>1</sup>

1. Full curriculum vitae, where the date of doctoral dissertation should be clear.
2. A work plan endorsed by the supervisor who should be a PEDECIBA researcher. In areas without a significant development in Uruguay, the supervisor might be foreign.
3. A letter of recommendation from an academic familiar with the candidate's previous activity.

*Applications submitted will be evaluated by an Advisory Committee appointed by PEDECIBA. The documentation must be submitted by email to [lydia@cmat.edu.uy](mailto:lydia@cmat.edu.uy) until November 6th, 2019.*

---

<sup>1</sup> Documentation can be submitted in Spanish, English, French or Portuguese
