

Call for Positions

To provide academic positions in the Special Faculty Staff

The Faculty of Mathematics of the Pontificia Universidad Católica de Chile (UC Chile), through its Department of Mathematics, calls a competition to provide two (2) academic full time permanent academic positions in its Special Teaching Faculty Staff.

The Faculty of Mathematics is the academic unit responsible for the development, promotion and transfer of mathematics and statistics in the university and is one of the country's leading institutions in this mission. Has more than 70 full-time academics who carry out research, teaching, innovation in teaching, technology transfer and connection with society.

The selected persons must carry out university teaching tasks in mathematics courses, intended for all university units, as well as research, innovation and transfer tasks in mathematics teaching at the university level. The annual teaching load is 6 courses, distributed over two semesters.

Candidates must have a Doctorate degree in Mathematics, in Education with a solid background in mathematics, or equivalent, experience in university teaching and a background in innovation in teaching. During the selection process and according to the experience of each applicant, other aspects of academic performance will be considered, such as management tasks and relationship with society. Both the academic hierarchy and the starting salary will be adjusted to the policies and regulations at the time of joining the university. These regulations promote the recognition of the previous trajectory of the candidatures. The initial gross monthly salary is \$ 2,170,000 (in CLP \$ of 2022, equivalent to USD \$ 33,000 per year at the exchange rate of the current date).

The Pontificia Universidad Católica de Chile is committed to equal opportunities, to building an inclusive, diverse and participatory community and to promoting the academic development of all the people who are part of this community.

Applications are received exclusively through the MathJobs platform <https://www.mathjobs.org/> - Position ID #18655

The documentation submitted must include at least:

- Resume.
- Research record.
- Research statement on mathematics teaching at university level.

- Background of teaching evaluations together with a report of the teaching experience, and a teaching statement.
- At least 2 letters of recommendation.
- A copy of the doctorate certificate or diploma.

The deadline for the application is November 30, 2021. Queries or doubts can be made to the email mcourdurier@mat.uc.cl

The selected person is expected to be able to join the university in March or August 2022.

A person of foreign nationality who is applying from abroad, in case of being selected for the position, will need to have the corresponding visa, obtained at the consulate from the country of origin, to be incorporated into the academic plant of the University. It is expected that the selected people will be able to teach in Spanish.
